We make

We fit

We bring joy!

LOVE OF NATURE

Innerspace Cheshire is based near the small town of Nantwich in the North West of England where we make products that are kind to both people and the planet.

Local, considered production is by our dedicated team of makers at our workshop and our own installation team can handle the fitting nationwide.

We take care to source the most sustainable materials and manufacture our products with the minimum impact.

We want to bring joy to your space and that comes from loving what we do and how we do it.

We have seen different types of business since we started working together over 20 years ago.

Not all of it was awesome, in terms of kindness to people or to the environment, so we wanted that kindness to become the foundation of Innerspace Cheshire.

Given that our dog, Penny is such a key team member you might wonder why we have a cat as our logo. We love cats too and our logo represents the Cheshire cat which signifies our local roots and production.

If you're ever passing come say hi, we have decent coffee.

BARKWALL

BARKWALL is carefully crafted by hand at our workshop in Cheshire!

100% nature

100% texture

100% bark

100% bespoke

100% joy

WHAT IS BIOPHILIC DESIGN?

Biophilia (meaning love of nature) focuses on human's innate attraction to nature and natural processes.

We all have a genetic connection to the natural world.

Popularized by biologist Edward O Wilson in the 1980's, he observed how increasing rates of urbanisation were leading to a disconnection with the natural world.

Biophilic Design uses these ideas as principles to create a human centred approach that when applied improves many of the spaces that we live and work in today, with numerous benefits to our health and well-being.

OPTIONS

I. CHOOSE YOUR BARK

2. CHOOSE YOUR COLOUR

Available in their natural form, or 15 beautiful eco colours as standard

Bespoke colours available

2. CHOOSE YOUR SIZE

Birch and Poplar are available as 190mm or 95mm width planks, random lengths and Cork as 900mm x 600mm

Bespoke options available

SPECIFICATION

Introduction

Innerspace Cheshire Barkwall panels are suitable for internal use
Eco board we say

Specification

Innerspace Cork Bark Panels

Composition	Real cork bark pieces glued to a cork carrier.
Thickness	Thickness varies with the natural texture of the bark, but is between 25mm and 30mm.
Dimensions	900mm (h) x 600mm (w).
Sq. m per panel	0.54 sq m.
Weight	Approximately 3 kg per panel – 5.56 kg per sq. m.
Suitability	For walls, panels and furniture.

Innerspace Birch Bark Panels

Composition	Real birch bark glued to a 9mm eco hay carrier.
Thickness	Thickness varies with the natural texture of the bark, but is between 12mm and 15mm.
Dimensions	95 or 190mm width pieces of varying lengths.
Weight	Approximately 10Kg per sq. m
Suitability	For walls, panels and furniture.

Innerspace Poplar Bark Panels

Composition	Real poplar bark glued to a 9mm eco hay carrier.
Thickness	Thickness varies with the natural texture of the bark, but is between 25 mm and 40mm.
Dimensions	95 or 190mm width pieces of varying lengths.
Weight	Approximately 10Kg per sq. m.
Suitability	For walls, panels and furniture.

Installation

Bark panels can be glued or fixed with screws through the front of the panels.

Maintenance

The bark panels can be dusted to remove surface dust. Care should be taken not to damage the natural surface.

Sustainability

Our Eco board is carbon negative and has very low VOC and zero formaldehyde emissions.

Our make to order policy means low waste.

Our low impact packaging is recycled and recyclable cardboard.

All our manufacturing is in our workshop in Cheshire, so limited transport impact to site.

We'd love to hear from you...
